PROFILE

A programmer driven by self-directed learning, specializing in the development of web applications and websites.

EMPLOYMENT HISTORY

IT services, BN System Wrocław
Jun 2023 — Nov 2023

I was employed at BN System, an IT company providing services for LG Energy Solution. In this role, I was responsible for overseeing IT services, focusing on application development and big data analysis.

Coordinator, Qsense Wrocław
Jul 2019 — May 2023

At Qsense, a company providing services for LG Energy Solution, I oversaw a quality control service for batteries prior to their delivery to the client. As a team manager, I effectively led my team.

EDUCATION

Five-Year Master's Degree, University SWPS Wrocław
Sep 2019 — Present

Five-year master's degree program in Psychology with a specialization in Business.

High School Wieluń
Sep 2016 — Jun 2019

In high school, I was part of the Philological class and took an active role in school affairs as its chairman.
